ABOUT ME

I'm a Junior Front End Developer, I really enjoy learn everyday and master my skills, I like challenges and I always give the best energy and all what I do, I consider myself as a problem solver and open to critics to be better, there's a lot of things that I don't know yet but I'll learn it, if I have to define myself I would say that I'm persistent and lover of the knowledge.

EXPERIENCIE

WORDPRESS BUILDER

2018 - 2019| Self-taught

- I started learning Wordpress without any experiences of coding, I just started because I was trying to make money, I sold a few websites and I started to wonder how really webpages works and that's how I discovered the world of the code and also that I can have a career in this field.

PLATZI STUDENT

2020 - 2021| Startup

- I started studying at Platzi that is a Startup about learn skills in the Tech Industry, I'm a autodidact and I began to learn the basics, HTML, CSS, JavaScript, and I also started to make small projects, and learning the logic behind the web, internet and programming languages.

UNC BOOTCAMP

2022 - Present |

- I started to study in a BootCamp in the University of Charlotte (UNC)I was looking for solidify my skills and learn other skills that I need for finally get a job, that was one of my reasons, try to get a job and finally have a profession in coding, here I learn more about the backend and Thirds API's, I still in the BootCamp, I'm always learning.
